CASH DISCOUNT — VEGETABLE SEED

We offer a 3% cash discount on Vegetable Seed only.

NET CASH: Plants, Roots, Onion Sets, Field and Grass Seed, Insecticides and Supplies.

CONDITIONS OF SALE

All of our seed is thoroughly tested for vitality and germination, and every package is marked with the results of our tests. We guarantee arrival in good condition and warrant to the full amount of the purchase price that our seeds and plants are of good vitality and true to name as described on the container. So many other factors besides the seed influence the success or failure of crops that, in common with all seedsmen, we specifically limit our liability in all instances to the purchase price of the seed.

FIRST ORDERS: For those not having an account with us send cash remittance with order if merchandise is needed at once. If cash is not sent, supply references and expect a few days delay while references are checked.

C.O.D. SHIPMENTS: Because of extra C.O.D. fees and frequent delays in delivery, this is not recommended. 25% cash down payment to be sent with order and cash discount is not allowed on C.O.D. orders. No C.O.D.'s accepted for plants, roots, and Onion Sets.

FREE

With every \$3.00 order of seeds, we will give a Lancaster Almanac free, when requested.

DELIVERY OF SEEDS

Prepaid Items: We pay shipping charges on all vegetables (except Peas, Beans, and Corn, 5 pounds or more), and flower seeds in the U.S.A. (Not Canada).

Not Prepaid Items: Beans, Peas, and Sweet Corn (5 pounds or more) are shipped at your expense unless your seed order (not including plants, supplies, etc.) amounts to \$20.00 or over. We will then repay by freight or parcel post whichever is less.

Roots, Plants, Onion Sets, Supplies, Farm and Grass Seeds are shipped at purchaser's expense except where quoted postpaid.

SHIPPING METHODS

PARCEL POST. The most economical for smaller shipments: Up to 300 miles from Canton mail is cheaper than freight on 55 lbs. or less. Beyond 300 miles, 40 lbs. or less. Consult your post office for rates and send payment for postage on not prepaid items.

EXPRESS: Rates are high but service usually fast. Sent collect. Be sure to give your nearest express office.

FREIGHT: Cheapest for large shipments but often slow. Minimum is \$3.25. Allow for delay and give nearest freight office and railroad.

TRUCK: Where direct service is available from Canton, truck is usually faster than rail freight at slightly higher cost. No C.O.D. shipments by truck.

Prices are subject to change without notice and to our stocks being unsold.

ONION PLANTS

Vary between 50 to 110 per bunch, weigh about 32 lbs. per crate. Crate Onion Plants not prepaid.

SWEET SPANISH—UTAH STRAIN

15 or 20 crates are needed per acre if set 4 or 5 in. apart in 18 in. rows.

Sweet Spanish "jumbos" nearly always bring premium prices and growers can share in this market by growing them from our plants, flown direct to us by plane from Texas. They reach you in fresh vigorous condition and can be stored for some time.

Our true Sweet Spanish produces tremendous crops of the splendid large firm onion. Order early and set them out as soon as the land can be worked. Earlier plantings mean bigger crops and will stand considerable frost. Plants usually available between April 5th and May 20th.

PLEASE NOTE: Sold in bunches only. A bunch is a handful as pulled in the field and may contain 50 to 110 or more plants, depending on the size.

2 bchs. \$1.10; 5 bchs. \$2.40.
10 bchs. \$3.95 Postpaid.

NOT PREPAID: Single crate (60 bchs.) \$10.75; 4 to 9 crates \$10.25 ea.; 10 crates or more @ \$9.85. Weight about 30 Lbs. per crate.

WHAT A STRAWBERRY!

You just pick and pick these luscious berries from June right through 'til frost. Folks who say an everbearer isn't sweet should taste Red Rich. They're chock-full of real honey-sweet goodness. They're deep red through the core. Solid and firm. Frost resistant. Tops for freezing, too! Delicious and attractive when served. A leading midwestern university reports Red Rich the best of 29 everbearing varieties tried. The plants are so tall and full that you can use them as a beautiful garden border or edge in front of evergreens—many places.
